

Stone Essentials® Pro Shine EGR (Epoxy Grout Remover)

PRODUCT DATA SHEET

Description

Stone Essentials® Pro Shine EGR is a unique detergent specifically made to remove epoxy grout from tile, glass mosaic, stone and concrete surfaces. It will eliminate most residue left after an epoxy grout has been used. It will remove hard water mineral deposits, grout haze, efflorescence and soap scum from surfaces.

Advantages

- Removes excess epoxy grout
 - Professional strength
 - Removes efflorescence
 - Free-rinsing
 - Non-abrasive
 - VOC compliant in all 50 states
 - Restores surface to original beauty
 - Removes hard water mineral deposits
 - Alkaline neutralizer
 - Interior and exterior use
-

Typical Applications

Danger: Corrosive Liquid! This acid-based cleaner will etch limestone, marble, travertine, concrete and masonry surfaces. It will corrode surfaces such as metals and surfaces sensitive to acids.

To ensure product performance and satisfaction, always pre-test this product in an inconspicuous area. Users must determine suitability of product for their intended use.

1. Always cover and protect surrounding surfaces not intended to be cleaned. Always wear protective equipment, gloves, glasses and protective clothing before using.
2. Prepare a 1:10 solution of Pro Shine EGR in water. Stronger solutions may be needed depending on the amount of excess grout and residue.
3. Apply immediately after grouting (before the grout hardens). Apply with sponges or white nylon scrubbing pads. Scrub with nylon scrubbing pads or bristle brush until residue is removed.
4. Repeat this 2 or more times until all residue is removed.
5. If needed, repeat the application in 24 hours to remove the excess grout from the tile, mosaic, stone or concrete surface.
6. Rinse well with clean water repeatedly, using a wet vacuuming system, clean mop, or sponge.
7. Apply undiluted Pro Shine EGR to lime scale, mineral deposits or other difficult soils and allow to stand for a few minutes. Scrub with nylon scrubbing pad. Rinse well with clean water.

Maintenance

Natural stone needs to be cared for properly. Natural stone, tile, grout and masonry will maintain its beauty and last longer, repel stains and soils effectively, when treated with the proper stain protection. Seal stone and grout using Stone Essentials® premium sealers. To maintain your surfaces, use Stone Essentials® Daily Cleaner with Protector or a dilution of Stone Essentials® Daily Commercial Cleaner Concentrate.

Safety Precautions

- KEEP OUT OF REACH OF CHILDREN.
 - **Danger:** Corrosive Liquid! Avoid contact with eyes and skin. Wear eye, gloves and skin protection when using this product. Do not breathe spray or mist.
 - Do not mix with alkaline materials, ammoniated cleaners or bleach as harmful fumes will result. Avoid contact with bases and metals. Will etch some surfaces. Will corrode metal surfaces and surfaces sensitive to acids. Cover areas not to be treated.
 - READ SAFETY DATA SHEET BEFORE USING. Use only as directed. Keep container closed when not in use. Store in a cool, dry area.
 - In case of contact with eyes or skin, flush with clean water for at least 15 minutes. If irritation persists, get immediate medical attention.
-
